

**ABSTRACT**

**WHITE COLLAR CRIME**

**\*\* SWASTIKA SHARMA & NIHARIKA SHARMA**

The topic of my research paper is "White Collar Crime" under the theme criminology. The main aim of this paper is to define white collar crime, study its historical development and formulate tentative solutions for eradicating the problem, corporate crimes and corporate criminal liability and the discrepancies. They are more conventional type of crime such as theft, burglary, arson. These crimes are primarily of small scale, which is committed for immediate beneficial gain to the individual or group involved in them. People are involved in white collar crime and it spread in field of business as Meat Eaters with the advance technology and growth, white collar crime are protected by professionals finding loopholes in the judiciary and indirectly support from the government. The prevalence of white collar crime in India, are spreading like a rapid fire in the society. Corruption is the one of the species of white collar crime, most talked issue in all sphere like social, economical and political, not much steps have been taken to curb this menace.

**KEYWORDS:** white collar crime, judiciary, government, eradication, corporate crimes.
